

# Not Sure Where To Drop Your Used Oil Filter?

## Give Us A Call.

For the used oil filter collection center nearest you, call the toll-free L.A. County Environmental Information Hotline at (888) CLEAN LA. We'll direct you to one of over 50 filter collection locations that also take used oil, including ALL Kragen Auto Parts Stores in L.A. County. As part of a Countywide effort to clean up oil pollution, they'll be glad you dropped in.
